Agenda Item	Discussion	Action	Responsibility
Welcome to everyone.			
Networks of Expertise update	Waiting on news regarding extension. (subsequently got news of extension until end of 2020).		
NZHEA 'business' matters AGM (Mini) Conference 'replacement' ... a few online offerings via Zoom or other platform? TRCC ...?????	Will schedule an online AGM for some time in July. (Subsequently delayed until next April).		All
Strategic plan	Initiatives and actions. At this stage too many unknowns. Assuming NEX funding rolls over, what do we prioritise? Carry on being 'responsive' or include some other 'proactive' actions? Uncertainty and changing nature of current climate noted.		All
NCEA Review. L1 HPE announcement.	Jenny to get us started with a NZHEA response (due to MoE 20 June).		

Shifts in health ed knowledge - DoH and SDH.	<p>PLD PPT in development (it has other uses) ... worth pursuing?</p> <p>What else might work as 'modules' - those core HEd knowledge ideas that could be developed as (mostly) independent tasks for use when classroom teaching is stretched or compromised or ...</p> <p>-Health promotion</p>		Jenny
To discuss - NZHEA to lead workshop roll out of NZCER Mental health resource	<p>We have been offered the \$ to do this. I think we have the capacity to run a national workshop programme like we did with the original NEX money - about 10 workshops in the major cities and regional areas. TBC.</p> <p>MoE have come back with a likely revised approach - video of teachers using the resource If they pursue this what would be useful? TBC - MoE attention currently elsewhere!</p>		Kat and Jenny
Revision of sexuality ed guide	Our response? It will have implications for some of our 2015/16 resources for example.		
The PE concerns over the interpretation of "PE" and putting the "E" back into PE - in response to the misunderstandings surfacing during the Covid 19 restrictions	Do we have any similar health ed concerns? If so, what do we want to do about it (if anything)?		
Next meeting date	Pre-AGM.		
Meeting closed 9pm.
